No.

Enclosure No./ X vide L.B. 53847 & 3

G.O. No 2347-8 dated 19th
Dt. 2-9-98

Instant declining to sanction a grant of Rs 10000/- from Local Funds General and stating that funds would be sanctioned to complete the works of previous years on receipt of the list of incomplete works, &c.

2. With reference to the above has the honor to state that the Local Fund Board in their meetings of 4th February, 25th May and 15th August 1898 approved of certain new works being executed from Local Funds General on the assumption that Government would be pleased to make a grant of Rs 10000/ already applied for for such works and the undersigned accordingly issued orders to the several

Three resolutions of the Local Fund Board for the above are attached to the last paper of the proceedings to which they refer for easy reference.

May sanction be accorded to the grant of Rs 8500 as a special case as requested.

Org 6/9/98

Govt: declined to grant the Amt applied for, on the ground that it wd be far better to spend the L.F. Genl. upon large bridges & roads upon petty local work. The Presdt however states that it is not possible to undertake the works from the nominal balance (Rs 1006/-) available in the D.F. Budget and that the works being of a permanent nature "will be a lasting memorial of the solicitude of Govt: for the welfare of its agricultural population". He therefore requests the grant of Rs 8500/- as a special case

Amildars for submission of the necessary estimates for the same.

3. The enclosed list shows the several works approved of by the Board for most of which the estimates are ready.

4. As it is not possible to provide for all these works out of the small nominal balance of Rs 1006/ available in the District Fund Budget of the current year and the execution of these works is very necessary the undersigned begs that Government will be pleased to sanction as a special case the grant of Rs 8000/ out of Local Funds General.

5. The works proposed are of a permanent nature and will be a lasting memorial of the solicitude of Government for the welfare of the agricultural population.

6. The list of incomplete works referred to, was duly forwarded with this office No 87 dated 12-8-98 and to request that the Secretary will be so good as to obtain the early sanction of Government to the same to enable the undersigned to adjust the pending bills for works already executed.
